Be involved in Nashville

Nashville is a phenomenal place to meet visitors from all around the world. Our OAC staff man, John Risner, says that the reason for this is pretty simple; folks love to come and walk around this amazing city, as there is so much to see. Nashville has become this incredible place to visit as people from all over the world come to see their idea of “The States.” It’s not an infrequent event for John to end up in conversations with visitors from many

different countries, as well as from many different states here in America. John makes sure these conversations quickly turn to spiritual truth from the Bible. He loves to have individuals and teams join him for outreach and has organized what he calls “T4E” on Saturday nights. His goal is to REACH, CONNECT and TRAIN and finds that happens most frequently while trying to reach others with the Gospel. If you would like more information about John’s open-air ministry in the Nashville and surrounding areas or would like to join him for outreach, feel free to touch base with him at jrisner27@gmail.com.

Be involved in Brazil

We love to have teams with people of all ages join us for short-term missions trips. Our staff man in Brazil, Bruno Costa, has been working on facilitating people with different gifts and talents to become involved with him in that country and surrounding areas. He tells of one mission trip he led to Bolivia where one of the participants, a lady over 60 years old, said to him, “Bruno, I got my call on this trip.” Bruno asked here to tell him more about it and she said, “My call is to cook for the teams. This is what I love to do!” Bruno was amazed and thankful when he heard

this, as she has an incredible talent for cooking. This is exactly what we expect to happen in the body of Christ as God uses what He has given us for His glory and to serve others. No matter what gifts and talents they have been given, on the mission field, every talent is vital. Bruno is happy to offer ministry of a variety of different contexts where folks can work with him: evangelism in urban areas; evangelism in Indian tribes; evangelism in remote villages and water well digging; evangelism in remote villages and medical assistance, as well as evangelistic and missionary camps. If God may be calling you or a group in your local church to be involved helping Bruno short-term, or you just want more information regarding the possibilities, feel free to touch base with him at 83brunocosta@gmail.com.
